

## Eftsure Supplier Verification

From 17 July 2023, Intrapac Property is implementing Eftsure Supplier Verification as part of our payment process to improve security measures.

All new suppliers of Intrapac Group goods and services will now be required to provide business information to Eftsure for independent verification before receiving payment from us.

### About Eftsure

The Eftsure software solution is an independent, real-time, continuous controls monitoring system, designed to validate the integrity of online transactions and supplier data. It ensures accurate electronic funds transfer of payments, providing greater assurance to our customers and our valued suppliers that when payments are processed, the funds are going where they are intended.

Eftsure is used by many large organisations including Griffith University, Monash Health, Alfred Health, NSW Ports, Sanitarium, NSW Trustee and Guardian and 7-Eleven.  
Eftsure guidance for new suppliers

As part of the onboarding process, you will receive an email invitation from Eftsure asking you to register your details as a new supplier, including your:

- ABN
- Company name
- Address
- Email
- Bank account details.

After you have registered your details, you may receive a call from an Eftsure team member (usually within 24-48 hours) to verify that the details are correct.

You will receive a confirmation email from Eftsure when your data has been verified.

### More information

For more information about the Eftsure software solution, please visit the Eftsure product page at <https://eftsure.com/about/- external site>
